Leaders had no statement to make as to their plans but said that it did not necessarily follow that because the pickets had been withdrawn that the picketing had been ended. HAVERHILL SHOE FACTORIES MOVE OUT OF CITY

Haiverhill, April 3.—T. A. Courtney, a shoe manufacturer, announced that he had secured a factory at Marlboro and H. G. Keeler, another manufacturer, stated that he had purchased a factory at Athol. Both intend to remove their heel and counter businesses from this city.

They are affected by a strike that involves five heel concerns with 350 employees out of work. The employees, numbering 350, through their agent, Leon Hayes, some time ago submitted now price lists, and, as the union had not received any reply, the employees quit work.

The union members ask increases in wages ranging from 25 to 40 per cent. Business Agent Hayes today said that the various firms had not made any move, but had simply held up the new price lists after they were presented.

LEAVES DUMMY IN BED MAKES GOOD ESCAPE

Fort Fairfield, Me., April 3.—Newman Clark, who was under arrest at a hospital at Grand Falls, N. H., charged with the murder of Miss Phoebe Bell, escaped during the night and is sought at Maine border points. Clark had been under treatment for wounds self-inflicted after the shooting of Miss Bell a week ago.

The escape was discovered when a dummy was found in Clark's bed. The authorities said that his condition was such that he must have been assisted by some one. After an investigation they said that apparently Clark had been helped through a window and driven off in a sleigh, which was seen later three miles south of Grand Falls heading for the Maine border in the vicinity of Limestone.

WET PETITION TURNED DOWN

Augusta, Me., April 3.—Chief Justice Cornish of the Supreme Court has denied a petition for a temporary injunction to restrain Gov. Milliken from paying Charles E. Hughes out of state funds to oppose the suit of Rhode Island to test the validity of the Federal Prohibition amendment.

The suit was brought by Whitfield Scott Reed of Bangor, a Democratic representative in the Maine Legislature.

Chief Justice Cornish says in part: "All the allegations in the bill are unequivocally denied, with the possible exception of that covering the Governor's traveling expenses in connection with a trip when he was present at an interview between the Attorney General and Mr. Hughes. That, however, is too trivial to warrant the consideration of this court."

"We are unaware of any Constitutional or statutory provision imposing upon the Supreme Judicial Court the right or the duty to supervise or regulate the traveling expenses of the Chief Executive of this state."

MAY MATCH GARDNER AND STURGIS

Promoter Bill Dow has given up the idea of matching Bill Dryden and John Kibonis for next Tuesday, as Kibonis is at the west making one night stands. He is however seeking to match Peter Gardner and Peter Sturgis the Greek who defeated Dryden here last Monday. If he is unable to secure this match he will get Ketonen for a match with either Yonel or Gardner. Ketonen has promised to wrestle Gardner here, and if he wins to wrestle Yonel on a championship basis, that is both men making weight and with the championship held by Ketonen, at stake. The fans will be assured of a match on Tuesday, but the announcement of the principals may be delayed.

RESTOCKING SNOWSHOE HARE IN THIS SECTION

The Snowshoe Hare or white rabbit, long extinct in this section of the state have been received from the State Fish and Game Commission, and they are being used to restock this section of the country.

The rabbits are received from Oldtown, Me., and are trapped during the early spring and sent about in special crates of three pair of rabbits to a crate. Friday twelve pair of these rabbits were received here and during the

day they were released by two local sportsmen in different sections where they would have a good chance and a chance to breed without interference. The same number were released at Exeter and the game warden of both places are to keep a close watch on them, and any attempt to trap or shoot them out of season will be disastrous to the hunter who tries it.

This sports of game rabbit years ago were plentiful about this section, but they were killed off and there has not been any in this section for years. They are profitable breeders and if introduced for a year or more will restock the country about here, so as to give good hunting. They are a fast and wary animal and with any kind of protection will take care of themselves.

Local sportsmen who have been through the woods in the past week or more state that as far as can be seen the partridge went through the winter without any loss. It was feared that the extra amount of snow would mean the wiping out of all game birds, but this apparently is not so. The pheasant, which were becoming quite thick in this section were harder hit than the other game birds, and they apparently suffered small loss.

GUARANTEED CHICKS

S. C. H. I. Reas. These chicks are from good rugged birds from a heavy winter, laying strain, and raised on breeders, and not forced for egg production, produce strong healthy chicks which I am able to guarantee.

I will replace chicks or refund your money on all lost during the critical period. Place your orders early if you wish April, May, or June chicks.

SOUTHEAST AND HEAVY RAIN FALL

A southeast rain which developed Friday, was a cold and disagreeable storm. There was a very heavy fall of rain and a high wind which drove in a good sized tide. There was no damage reported, but the rain made great headway with the snow that still remains in the shady places. There is still considerable snow. In the woods and the rain helped start this going, it will make the roads muddy for a few days but will take out the remainder of the frost.

The following article taken from the Mutual Welfare News of the Naval Prison, is of interest to local boxing fans. "Articles appearing in the Portsmouth papers recently, in regard to the battle which took place Thursday at the Belfast A. C., in Portsmouth between Hammerday Howie and Kid Butler, tended to show that there was so much contention between the rival managers, 'Pop' Dunn and Hector Melnick, that it might be possible to stage a six round fracas between the two. Of course, it was not staged, but let it be said right here that if our good friend 'Pop', who is in charge of the postoffice, should enter the fight arena with the said Hector Melnick, the entire fortune, consisting of kopecks, iron men, shovels, muzzles, cash, contraband, coin of the realm, where-with, etc., of each and every grey, black would be on 'Pop' to come through with flying colors, long before there was any chance for a sixth round. We all know that there were none better than 'Pop' in his day, and he can still handle himself good enough to keep from getting hurt, even though he is on the shady side of forty. So, if such a proposed bout should be staged, we hope that Hector's friends will give us a little advance tip so that we may be 'there with bells on.'

MAKES FOOD TASTE

Good—Hood's Sarsaparilla Creates an Appetite. Aids digestion and promotes assimilation so that the body absorbs full nutritive value, thus naturally making the weak strong and giving the vitality of health. This great medicine enables the digestive organs to perform their functions easily, keeps the stomach sweet and resists or prevents indigestion and other digestive troubles.

When your food does taste good it is a sign of good or returning health; shows that the blood is becoming richer, routing away disease, and that the system is being built up to overcome that tired feeling and the prostration after influenza and fevers. The one medicine that can legitimately claim to do all this is Hood's Sarsaparilla.

If a mild laxative is needed, take Hood's Pills; if an active cathartic, more Hood's Pills. They give entire satisfaction.

LOOKING THEM OVER WITH THE SPORT FAN

It is expected that a large crowd of students will be on hand tonight to cheer the New Hampshire college basketball team in their game with the Portsmouth Professionals. It is probable that Scamplario, who had two ring breaks in one of the early season games, will again be seen in the Portsmouth lineup. Scamplario, at all the games he played up until the time he was injured, played exceptionally fast ball and proved a tower of strength to the locals. All the other stars will be present, including Degan, Gosselle, Watte and Hiles and one of the fastest games of the season is looked for. The Legion Girls and the Liverpool Y. W. C. A. will face each other in a preliminary game and judging from the way the Legion girls have been losing baskets of late, the Liverpool outfit is due for a triumph. A week from tonight the last game of the season will be played and Manager Unger intends to bring the strongest team possible to Portsmouth for the winnow.

The following article taken from the Mutual Welfare News of the Naval Prison, is of interest to local boxing fans. "Articles appearing in the Portsmouth papers recently, in regard to the battle which took place Thursday at the Belfast A. C., in Portsmouth between Hammerday Howie and Kid Butler, tended to show that there was so much contention between the rival managers, 'Pop' Dunn and Hector Melnick, that it might be possible to stage a six round fracas between the two. Promoter Bill Dow, the man who makes them wrestle, is planning to wind up the season in this city with a bill for plays the ordinary. George Tanney, the Boston promoter, seems to have the idea that he has a monopoly on all middleweight championship contests, but Muno Ketonen, the present holder of the title, has assured "Bill" that he will wrestle for the championship in Portsmouth, providing his opponent makes the weight which is 168 pounds. Phil Gardner, who for some years has been asked as one of the top welchers, has long been trying to get a crack at the title, but could never seem to get on the "inside". Muno also wants a crack at the champion and so Promoter Dow plans to match Sturgis and Gardner with the understanding that the winner will meet Ketonen in this city for the middleweight crown. Ketonen says they all look alike to him and his only objection is that his opponent must make weight.

11-1 Blissetts, the state of Maine's youngest Babe Ruth, has affixed his signature to a contract to pitch for the W. H. McKelvie company, team of Manchester, Del. is at present a student at New Hampshire State college and will not join the club until June. Blissetts is regarded as one of the most promising youthful twirlers in New England. The lad is a mere kid, yet for two seasons has been playing with the fastest semi-pro teams in Maine, twirling and holding down first base. Only last summer in an exhibition game, he twice fanned the famous Babe Ruth.

Spider Murphy, Manchester light-weight boxer, has been temporarily suspended by the new boxing commission of that city. Murphy has been notified he will not be permitted to perform until an investigation is made over his future to box through with in agreement to box and boxing last month is concluded.

Boxing prospects are beginning to look bright for Portsmouth. The Belfast A. C. has a fine show booked for April 15 when Dusty Krell and Hammerday Howie will appear in the feature bout. At a later date, the Rock Buckingham A. C. will stage a good card.

The Manchester Light, coming on October Jack Bailey of this city, who recently signed to play in the Manufacturing League in that city, has the following: "Now that he has Jack Bailey, the ex-Norwich boxer, signed up, Victor Jones is not worrying over when Bill Kenyon will join the team. Bailey is not such a hard stick as the local kid, but as a more experienced regular, an excellent boxer as in the league, a good pecker and a mighty hard worker."

CABLE BOAT DESTROYED BY GAS EXPLOSION

The Coast Guard gasoline launch, used in making cable repairs along the coast, was destroyed by fire off Cape Porpoise on Friday morning, from an explosion of gasoline. Joseph Chase of this city in charge, was burned about the hands when the explosion took place. With the other two members of the crew they escaped from the burning boat and put into Cape Porpoise. The launch was on her way to this port towing another launch when engine trouble developed and shortly after the explosion took place. Chase had his two hands badly burned and was unable to help in quenching the eight-foot fire. There was a nasty sea running and the dory was gotten over running with difficulty, and the three men got away from the burning craft just in time. The cable boat after burning down to the water's edge filled and sank.

The three men landed at Cape Porpoise, and later were brought to this city. Mr. Chase's burns while very severe are not dangerous, but it will be some weeks before he will be able to return to work.

At a public meeting of the people of Concord in the Chamber of Commerce rooms the old board of officers of the Sunset League of that city were re-elected. Everything points to a good

base ball season for the capital city. The treasurer's report showed the following during the season of 1919: Receipts \$1,347.55; expenditures \$1,079.27, leaving a balance of \$268.31.

Food sales by church societies or other local organizations are numerous and all are well patronized.

PRISONERS FOR
PASSOVER****For Second Time in History of
Naval Prison Four Men

Easter.**

For the second time in the history of the Naval Prison four general court martial prisoners were granted permission to visit Portsmouth for the purpose of observing the Passover.

This permission was obtained through the efforts of Mrs. S. Cohen member of the Jewish Welfare Board of this city with the co-operation of the new commanding officer of the Naval Prison, Commodore A. V. Wadhams.

The four boys came to this city yesterday and they will be allowed to remain until Sunday evening. During the stay they will be the guests of the Jewish Welfare League.

The men who are under sentence from four to twelve years of penal servitude are allowed to drop their prison uniform for the two days and come to Portsmouth dressed in the blue uniform of the navy.

This is just another fair sample of the prison Mutual Welfare League motto "Trust and be Trusted" and really proves that prisoners can be taken at their word.
